Seed Lending Library

The William Fogg Library, partnering with members of the Eliot Garden Club, will be piloting a new Seed Lending Library the first week in May, 2016. How it works: you check out a certain number of seeds, plant them, and let some of them go to maturity. You then harvest that next generation of seeds, and return them to the library so other people can check them out. **We need donations of heirloom seeds to keep the Seed Library well stocked. Thank you!**

Local Author Phyllis Edgerly Ring

shares the story behind *The Munich Girl*
on Wednesday, August 10th
at 6pm.

Anna Dahlberg grew up eating dinner under her father's war-trophy portrait of Eva Braun.

Fifty years after the war, she discovers what he never did—that her mother and Hitler's

mistress were friends. The secret surfaces with a mysterious monogrammed handkerchief, and a man, Hannes Ritter, whose Third Reich family history is entwined with Anna's.

Phyllis Edgerly Ring loves writing, travel, and the noblest possibilities in the human heart and is always curious to discover how history, culture, relationship, spirituality, and the natural world influence us and guide the human family on its shared journey. Her first novel, *Snow Fence Road*, was published by Black Lyon Publishing in 2013. She is also the author of *Life at First Sight: Finding the Divine in the Details* from Baha'i Publishing.
